

Second Grade

We are the proud members of the 2nd Grade! As we progress throughout the year, we experience many fun-filled educational activities. I am always available to discuss your child's progress and will make sure your child understands all concepts covered.

The subjects we learn each day are part of the 2nd Grade curriculum. These subjects are: Handwriting, Math, Reading, English, Vocabulary, Social Studies and Science. We also participate in the Accelerated Reading Program. This program has proven to be successful with all of my students.

Each nine weeks, the students are given goals (points) to be completed by reading books at home and taking tests at school. The test grades are averaged together for one grade per week. I feel that good reading skills will carry over into all subjects and therefore make our students feel successful.

All subjects are thoroughly instructed until all have mastered a given concept. If your child is not successful in mastering a concept, I will reteach that problem area. However, I cannot reteach a TEST.

A copy of our classroom rules are sent home at the beginning of the year. You can also find other rules of our school at the beginning of your child's agenda book.

We have an online resource for you to access your child's grades through Edline. You can also track your child's reading progress with a password that is issued to all parents.

I hope that your child has a wonderful experience with us here at St. Catherine School. Once again, please call me for any concerns you may have with your child. Thank you for putting your trust in us and our wonderful school.
